

ORACLE

## Project Completion and Transition

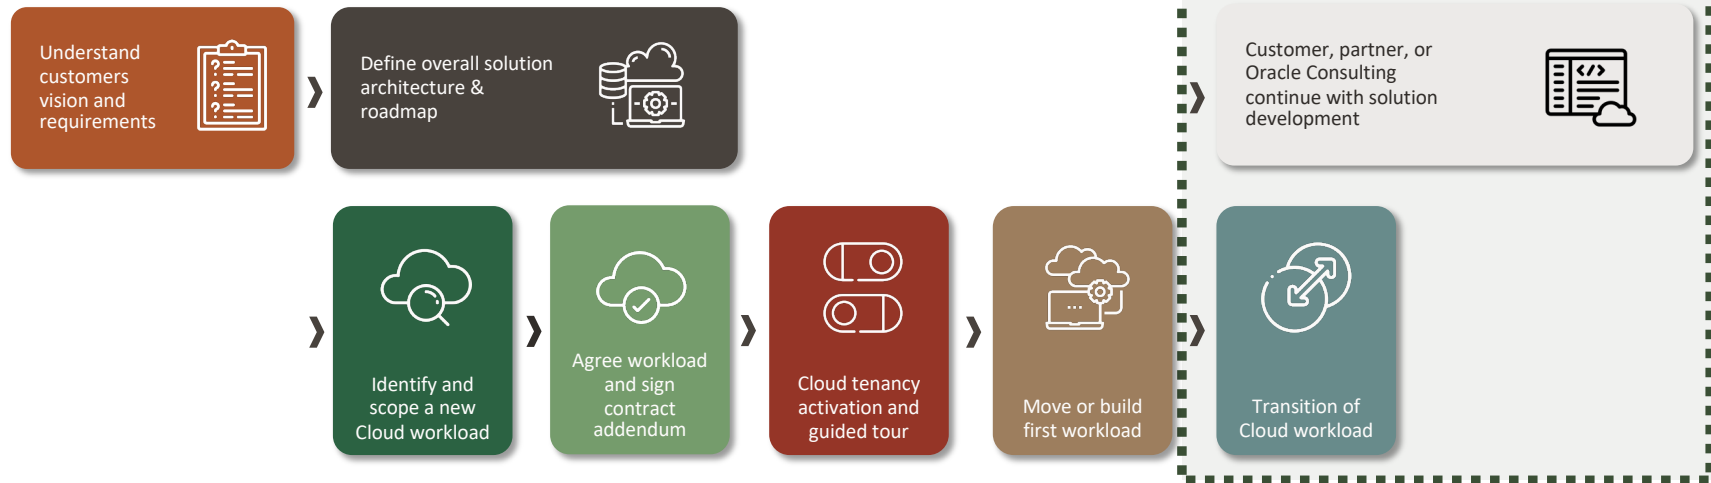

# Your Journey is coming to a close

But your Oracle Cloud journey continues...

# The Cloud Journey

# Transitioning from us...

## We delivered...

- Cloud environment and implemented workload
- Documentation
  - Workload Architecture Document
  - Security Technical Document
- Access to environment and solution  
*(Oracle access removed)*
- Guidance on supporting your cloud
- Guidance on managing your cloud costs
- Guidance on next steps

## Your Delivered Scope

- ✓ Oracle Cloud Infrastructure activation
- ✓ 2x VMs migrated
- ✓ Security configuration and federation
- ✓ Integration with on-premise application

# Your Oracle Cloud Journey Continues

- Take your new implementation further using Oracle Consulting, Oracle Partners or in-house staff
- Identify new workloads to move to Oracle Cloud with Lift
- Develop in-house staff with Oracle University

# Share Your Story

Let us share your story with others...

- Inside Oracle only
  - Externally through Oracle.com, videos, external blogs, events
  - Allow Oracle to share your story directly with other customers
- 
- Share your Lift story
  - Share your full journey in Oracle cloud

Tell us more  
15 minute Zoom  
interview

Please remember to revoke Lift's  
access privileges

# Thank you for choosing

Our team would like to thank you for your excellent collaboration and flexibility throughout the project
